U.S. Probation Officer Action:

On September 24, 2021, during a home visit, the undersigned officer requested a urine specimen from Mr. Aybar and the results provided a presumptive positive for marijuana. Following the administration of the urine screening, Mr. Aybar admitted he smoked marijuana on September 17, 2021, because he has been stressed due to his federal supervision and because his sister has a brain tumor. Aybar also stated his 21-year-old nephew passed away a few months ago in a motor vehicle accident, near his home. Mr. Aybar signed an "admission of drug use" form.

The probation office initially recommended the Court to take no action to allow Mr. Aybar the opportunity to engage in treatment and address any substance abuse issues. Mr. Aybar initially agreed to attend a treatment program. The undersigned officer has attempted on two occasions (on October 15 and October 21) to have Mr. Aybar attend Narcotics Anonymous meetings, but he has refused, stating he is no longer interested in attending any program because he feels he does not need it and wants to address the Court to explain his reasoning. The probation office requests a status conference for the Court to decide on whether Mr. Aybar should attend a substance abuse treatment program.

Respectfully submitted,

SUSAN M. SMALLEY, Chief  
U.S. Probation Officer
